Luding Andrés Castañeda García

Senior Engineer
Bogota, D.C., Capital District, Colombia

Summary

I'm an experienced Senior Developer with extensive experience working in the Web and AI world. Working with new technologies and creating scalable and efficient solutions is my passion. I really love learning new technologies and testing new tools, which gives me hands-on experience with the most popular tech tools like AI, ML, DevOps, and Cloud.

Experience

Mercado Libre
Senior Software Engineer
November 2025 - Present (9 months)
Bogota, D.C.

As a senior engineer, I am creating scalable systems for CI and CD across all Mercado Libre Internal and public applications (more than 80k), connecting advanced AI systems for Security Checks and Code Quality, and working with the latest AI tools (MCPSSs, RAG, skills) to improve the Release Process for Mercadolibre.

Helios & Partners
Senior Backend and DevOps Developer
November 2024 - November 2025 (1 year 1 month)
Bogotá

Build scalable services

DCT
